Living emotions

Each line explores new frontiers of style and quality, transforming the home into a unique space rich in meaning.

To inhabit is not just to live in a space, but to embark on a journey — one of discovery, authenticity, and vision.

When the outdoor becomes a natural extension of the home, a dimension suspended between art and landscape emerges. The new Bizzotto Homemotion outdoor collection embodies this vision: essential forms that merge with the light, tactile surfaces that change with the seasons, details that quietly tell of elegance.

Arnold tables available in 3 sizes and 2 colours, top made in sintered stone — a natural material processed at high temperatures, highly resistant to physical and atmospheric agents.
